The Sound Out series is a unique collection of hi/lo chapter books for independent reading. The vocabulary in these books has been developed along a continuum of decodability based on a standard Scope and Sequence of phonics skills. These skills generally progress as follows:

- short vowel CVC words
- long vowel CVCe words
- long vowel CV words
- consonant blends and digraphs
- vowel patterns
- word building
- reading multisyllable words

In a similar fashion, the vocabulary of the Sound Out Chapter Books builds cumulatively. This methodical progression gives students massive opportunities to practice skills by decoding one-syllable words and phonetically regular two-syllable words.

As a result of carefully controlled vocabularies, the readability levels of the Sound Out Chapter Books fall well beneath the standard Grade 1 reading scale and are 100% decodable. These unique features make the Sound Out books accessible to the lowest performing, most reluctant readers. Students with minimal reading skills can read the Sound Out books from cover to cover.

Program Features: The Sound Out Chapter Books

- Pocket book trim size, with sophisticated covers that won’t discourage older readers
- 32 pages long, with five or six short chapters
- 22 pt. type, line spacing, and margins support easy readability
- Cumulative vocabulary consisting solely of one-syllable decodable words in Sets B-1 and B-2 based on Sound Out Scope and Sequence
- Phonetically regular two-syllable words introduced in Sets C-1 and C-2
- Includes sight words from the Dolch 220 list, listed at the back of each novel
- Can be used for independent reading or in small groups
Using the Sound Out Workbooks

The B-2 Sound Out Workbook can be used to support and expand the skills in Set B-2 of the Sound Out Chapter Books.

- Sight Words (and, the)
- Short and long vowels (bat, cave)
- Consonant blends, initial and final (clap, jump)
- Digraphs, initial and final (shop, reach)
- Y as long i (fly)
- Diphthongs (boil, chess)
- Controlled -r (hard, burn, torn, bird, herd)
- Silent letters, initial and final (knee, gnaw, write, scent, ridge, limb)

Students Working Independently

The Sound Out Workbooks can be used as a self-directed follow-up to independent reading of Sound Out Chapter Books. Activity pages are written with the same controlled vocabulary used in the books to increase readability and ease of use. The exercises are presented in a predictable format for easy accessibility.

Determining Reading Level

Ensure that your student has chosen an appropriately leveled Sound Out Chapter Book for independent reading. See the chart below to identify the level at which your student can decode with relative fluency. The Sound Out Phonics Scope & Sequence is divided into a continuum of six levels of skills. Review the decoding skills listed at the left of the chart. Select a skill level at which your student has some mastery, and read across to determine which Sound Out set would be appropriate for use in independent reading.

**Using the Workbook Pages**

After the student has completed reading the Sound Out Chapter Book, provide a copy of the exercise pages for that book.

Go over with the student the Story Synopsis, provided at the beginning of every lesson. This will familiarize you with the story’s plot, and remind students of key events. Students may also use the Sound Out Chapter Book for reference.

Students should work through the exercises for each book, entering the answers directly onto the exercise page. Students can enter their total correct answers for the Comprehension, Writing, and Vocabulary sections in the Progress Chart. (p.53)

**Comprehension**

*Sequence Pictures.* The first simple sequencing activity requires students to place the illustration captions in correct order, showing the correct sequence of events in the story.

*Sentence Completion.* The second comprehension activity requires students to complete each sentence with the correct word.

*True/False Questions.* This exercise requires students to read a brief passage from the book and draw conclusions by answering True/False questions.

**Writing**

*Answer questions by completing cloze sentences.* This exercise requires students to formulate answers using vocabulary provided in the questions.

*Unscramble sentences.* This activity asks students to unscramble a sentence from the story and write it correctly.

**Fluency**

*Timed reading.* Time the student’s reading for one minute. Subtract errors from the number of words read to find Words Correct Per Minute. Students can enter their times in the Timed Reading Log on p. 53.

**Vocabulary**

*Identify correct definitions.* This activity asks students to connect each vocabulary word with a correct definition.
Proofreading/Spelling

Proofread passage. This activity asks students to proofread a passage from the story and mark it for correction with standard proofreading marks. There are eight errors in each passage. Instruct students in using the following proofreading marks to correct the passages.

\( \text{Insert} \quad \text{Delete} \quad \text{Check Spelling} \quad \text{Uppercase Needed} \)

Writing correct spelling of words. Students should then write the misspelled words on the lines provided below the passage. This includes words that were not correctly capitalized.

Extension Activities

Reader’s Theater

Reader’s Theater is a fun and effective way to help build fluency for student readers. Students can make a Sound Out Chapter Book into a script for a Reader’s Theater performance. Many of the Sound Out Books already contain a lot of dialogue. Direct students to identify all dialogue in the story. Write out the dialogue for each chapter, and then decide together what other dialogue should be added to complete the Reader’s Theater piece. Assign roles and have students make a copy of their own script. Students may perform the piece as a small group.

Book Reports

Have students select a favorite Sound Out Chapter Book. Provide the following paragraph outline, or one of your own, to help students organize their writing.

A. What Happened in the Story
B. What the Characters Are Like
C. What I Like About This Story
D. What I Would Change If I Were Writing the Story

It may be appropriate to challenge some students to write their own version of the story.

Letter to the Author

Encourage students to write a letter to the author of any book they have enjoyed reading. Letter writing is good practice for many writing skills, and gives students the chance to express opinions and feelings in a very practical fashion.
